

# Whisper

## Dreamtale

[Music: Vuorinen, Words: Tyni]Fading moment, fading memory

A faint wraith of the past  
(yesterdays fainting ghost)  
Grieving nation, weeping love  
Shattering dream of the past  
(yesterdays fragile dream)  
Forever crying for it's pain  
Eternally missing you  
Forever sensing your scent  
Eternally recalling your words  
Whisper it to the wind  
So shall it vanish  
Blow it to the sand  
So shall it perish
