Diamond

Know you wanna know who I am and what I stand for
Stability, long jeopardy's Forever making paso's
I take doe
Flip it and rip it so I can make moe
For fake hoes
Diamonds are forever so you better gone and hate hoe
Taking over anything I touch we'll I'm pursuing
So my man got to be equal or rebust to what I'm doing
It's amusing how I'm consaplated
Those who thought I'd never make it
Often immatated but I'm never duplicated
