I'm Strong

Lindsey Webster

For three days and nights I wondered if you were coming back to me
But now I'm seeing through our time apart that it wasn't meant to be
I held on to something so wrong for fear that I would be alone
But when you're crying for a broken love it's time to make it on your ownI'm strong, so strong
Never be afraid to make it alone
You lied, I cried
Never again will I compromiseYou liked to feel the power whenever you made me cry
I stayed up all night by the hour just trying to figure why
You never tried to make it alright, you said you had to be alone
You showed me that side to you and I told you know moreCHORUSBaby I told you no more
When you walked out the door
And you showed me that I'm strong
