burning gold (Autograf Remix)

Christina Perri

Looking for an exit in this world of fear
I can see the path that leads away
Mama never left, and daddy needs me here
I wish the wind would carry a change
Looking through the window to a world of dreams
I can see my future slip away
Honey you won't get there if you don't believe
I wish the wind would carry a changeI've had enough
I'm standing up
I need, I need a change
I've had enough
Of chasing luck
I need, I need a changeI'm setting fire to the life that I know (I know)
Let's start a fire everywhere that we go (we go)
We starting fires,
We starting fires till our lives are burning gold
Till our lives are burning goldLooking for my ticket to a higher place
I can see my chance begin to fade
One step forward and two back again
I wish the wind would carry a changeI've had enough
I'm standing up
I need, I need a change
I've had enough
Of chasing luck
I need, I need a changeI'm setting fire to the life that I know (I know)
Let's start a fire everywhere that we go (we go)
We starting fires,
We starting fires till our lives are burning gold
Till our lives are burning goldLooking back I see I had the flame in me
I'm the wind that's carrying a changeI've had enough
Of chasing luck
I need, I need a changeI'm setting fire to the life that I know (I know)
Let's start a fire everywhere that we go (we go)
We starting fires,
We starting fires till our lives are burning goldI'm setting fire to the life that I know (I know)
Let's start a fire everywhere that we go (we go)
We starting fires,
We starting fires till our lives are burning gold

Till our lives are burning gold
