

Let the Beat Control Your Body (Mistral mix)

2 Unlimited

Let the beat control your body
Now the my beat control your body!
Let my beat, let my beat
Control your body
The beat is runnin' through your veins
Control your body
When you let it penetrate your brain
The booming system which plays in places
Move your system, change these spaces
When I'm on the mic you can't refuse
No one ever came to preach, I came to amuse
Techno making, no mistakin', never faking
Always breaking it down, Hey to a party
Now let my beat control your body!
Let the beat control your body
Let the beat control your body
Let the beat control your body
Now let my beat control your body
Let the beat control your body
Let the beat control your body
Let the beat control your body
Let my beat, let my beat
It's my beat now, it's my beat
Let the beat control your body
Let the beat control your body, yeah
Let my beat, let my beat
Down with the forces how we go
Second to first just you to show

You just can't stand still 'cause you gotta move
You feel the bass line you feel the groove
My beat accepts you just as you are
It drives you away just like a fast car
It's my beat, it belongs to me
So let my beat control your body!
Let the beat control your body
Let the beat control your body
Let the beat control your body
Let the beat control your body!
Let the beat control your body
Let the beat control your body
Let the beat control your body
Now let my beat control your body!
Let the beat control your body!
