## The Same

## **Nonpoint**

Things havent changed

You havent changed And I havent changed Things that you say You want to change You havent changed Youre still the same The words that you never approve of The way that you call out my name The lies that you tell to protect me The same Playing in your little games You try to make me go crazy Im stronger then i was before You tried but you failed me And this time im ready for war Things havent changed You havent changed And I havent changed Things that you say You want to change You havent changed

Youre still the same The time that we wasted on our fighting The same The things that we argue about Excuses you give about everything The reasons i give why i shout And how things could have been better If i never met you before You try but your failing me And this time im ready for war Things havent changed You havent changed And I havent changed Things that you say You want to change They stay the same

Things havent changed
We just stay the same
You havent changed
I havent changed
We havent changed
Were just the same
