Rock House

The Bop Cats

Rock you, house you
Turn the fire up takin' over
Rock you, house you
People get strong
Rock you, house you
Time to take the weight
Off our shoulder
Rock you, house you
People move onAnd yes it's time to grow
Spent enough time to know
To believe in you is blind
You only tell us lies
So now that we've agreed
It's time to end your greed
The unanimous decision
Is to rock youRock you, house you
Turn the fire up takin' over
Rock you, house you
People get strong
Rock you, house you
Time to take the weight
Off our shoulder
Rock you, house you
People move on
People move onYou shake a million hands
Make a million plans
Then give a promise
To the poor
And millions to a war
We tried to beg and plead
Still you ignore our needs
So the only way to teach you
Is to rock youRock you, house you
Turn the fire up takin' over
Rock you, house you
People get strong
(Come on people sing)
Rock you, house you
Time to take the weight

Off our shoulder
Rock you, house you
People move on
People move onWhen I think about the
Babies' eyes
Longing from hunger
I wanna
Cry, cry cry
Then the situation
Of our mothers
And our brothers
Well I know, I know
(I know)
We can make it better
(Rock)
Ooo hooSo listen power boys
He will come to tick three floors
Is the way the pieces were
(Kill that noise)
This is our strategy
To bring you to your knees
And the punity corrects
(The people fuck you)Rock you, house you
Turn the fire up takin' over
Rock you, house you
People get strong
(Come on, people sing)
Rock you, house you
Time to take the weight
Off our shoulder
Rock you, house you
People move on
(People move on)Rock you, house you
Turn the fire up takin' over
Rock you, house you
People get strong
Rock you, house you
Time to take the weight
Off our shoulder
(Oh oh)
Rock you, house you
People move on
People move onTo the nations telling lies
To the brothers
Down the block

To the power on the street
To the critics on my jock
Shut up and danceRock you, house you
Turn the fire up takin' over
Rock you, house you
People get strong
Rock you, house you
Time to take the weight
Off our shoulder
Rock you, house you
People move on
People move onSet the record
Straight right
Here and say
(People move on)
Set the record
Straight right
Here and sayRock you, house you
Turn the fire up takin' over
Rock you, house you
People get strong
Rock you, house you
Time to take the weight
Off our shoulder
Rock you, house you
People move on
People move on
(Come on people sing)Rock you, house you
Turn the fire up takin' over
Rock you house you
People get strong
Rock you, house you
Time to take the weight
Off our shoulder
Rock you, house you
People move on
Rock(Peace, peace, peace, peace)
