

# A Little Love (Live Acoustic)

[Bryan Adams](#)

Some people walk the straight and narrow, some walk the rocky road

Some get the silver spoon and some get the heavy load

There's a man in a paper box, he smiles whenever we walk by

We just walk a little faster and say

"There but for the grace of God go I" Just a little love

Just a little love

A little love can change it all Well, I've been up and down this highway and I ain't seen a road sign yet

It's cold hard world baby, you gotta hang on to what you get

Well, I don't believe in miracles but that don't mean they don't come true

Well, I may not get to Heaven

But I get a little closer when I'm with you Just a little love

Just a little love

A little love can change it all Well, I get a little tired walkin' down the street

People on my side, everyone I meet

But they don't know what's on my mind

And they don't know that they might find A little love

Just a little love

Just a little love can change it all Right when you think you don't need love is when you need it most

Even if you got the father, the son and the holy ghost

Well, there's more to truth baby than what we know is true

Yeah we wonder round in the darkness

But every now and then a little shines through Just a little love

Just a little love

A little love can change it all

A little love can change it all

A little love can change it all
