Headphones

I'm from Barcelona

They can take me anywhere I want
I put my headphones on
I put my headphones onI can walk around and sing along
I put my headphones on
I put my headphones onThey can take me anywhere I want
I put my records on
I put my records onYou can shake your head and turn around
I put my records on
I put my records onNow I'm gone with my head in a cloud
And the songs, they're just dancin' aroundNow I'm gone with my head in a cloud
And the songs, they're just dancin' around, around, around
Around, around, around
