

# Places You Will Go

Patrick Watson

You could have stepped into the top of the water poles  
Into the wells of the shimmer love  
She's gonna drive you to the shores  
But you don't know who you are  
I tell her take your time now  
You're gonna take, take your time Walking through the city of too many roads  
When I don't know how to walk  
Staring all the pretty lights  
Get off it starts feeling right  
Places you will go It can be shiny, tiny, stranger wandering  
And if you don't wanna ride  
It's gonna get a little lonely, that's right  
The only thing you need to feel  
Should have ?Bla, bla, bla, bla, bla  
Been talking so talking but you don't wanna hear  
It's one of the seasons, let me try, trying to find  
Put the trouble ?  
Get out, get out the world you came  
Places you will go  
All the places you can go  
It's so simple now  
Feels like we don't want anyone  
Put your head down on my shoulder  
I can turn, we can turn to the places we know  
I can turn, we can turn to the places we know  
Turn in time and find some
