

# Sound of Drums

## Kula Shaker

I hear the sound of drums on a melody  
I hear the sound of drums  
Oh, I singing the names above in the city, yeah  
Revolution for fun I feel, the time has come like a remedy  
I feel, the time has come  
Ah, we're shaking the spear of love in the city, yeah  
I hear the sound of drums, yeah yeah But can you feel the love for me? Yeah yeah I feel, the time has come  
I hear the sound of drums I hear the sound of drums on a melody  
Calling me to return  
Oh well, light up and catch the sun 'cause it's gonna be  
Revolution for fun, yeah yeah But can you feel the love for me? Yeah yeah I feel the time has come  
I hear the sound of drums, drums Well, I feel, the time has come in a melody  
I see the golden one  
Well, I'm not the only one with the remedy  
I'm not the only one Yeah, I feel the time has come  
I hear the sound of drums, drums
