Bruises

Willie Breeding

First Verse:
I tried to do handstands for you
I tried to do headstands for you
Everytime I fell on you, yeah everytime I fell
I tried to do handstands for you
But everytime I fell for you
I'm permanently black and blue, permanently blue for
you
I tried to do handstands for you
I tried to do headstands for you
Everytime I fell on you, yeah everytime I fell
I tried to do handstands but everytime I fell for you
I'm permanently black and blue, permanently blue for
Chorus:
You-ooo etc...
For you-ooo etc...
So black and blue-oooo etc...
For you-ooo etc...
Man verse:
I grabbed some frozen strawberries so I could ice your bruising knees
But frozen things they all unfreeze and now I taste like
All those frozen strawberries I used to chill your bruising knees,

Hot July ain't good to me
I'm pink and black and blue
2nd Verse:
I got bruises on my knees for you
And grass stains on my knees for you
Got holes in my new jeans for you
Got pink and black and blue
Got bruises on my knees for you
And grass stains on my knees for you
Got holes in my new jeans for you
Got pink and black and blue for

You-ooo etc...
For you-ooo etc....
So black and blue-ooo etc...
For you-oooo etc....
