All You Need Is Now

Duran Duran

It's all up to you now
Find yourself in the moment
Go directly to the voodoo
Now the channel is open
Lose your head, lose control
You come on delicate and fine
Like a diamond in the mine
When you move into the light
You're the greatest thing alive
And you sway in the moon
The way you did when you were younger
When we told everybody
All you need is now
Stay with the music
Let it play a little longer
You don't need anybody
All you need is now
Everybody's gunning
For the VIP section
But you're better up and running
In another direction
With your bones in the flow
Cold shadow on the vine
But your lashes let it shine
Every moment that arrives
You're the greatest thing alive
And you sway in the moon
The way you did when you were younger
And we told everybody
All you need is now
Stay with the music
Let it play a little longer
You don't need anybody
All you need is now
All you need, all you need is now
All you need, all you need is now
All you need, all you need is now
And we will sway in the moon
The way we did when we were younger

When we told everybody
All you need is now
Stay with the music
Let it play a little longer
We don't need anybody
All you need is now
All you need, all you need is now
All you need, all you need is now
All you need, all you need is now
All you need, all you need is now
