Altogether

Slowdive

Yeah, yeah, yeah
Sleepyhead, where did you go?
I saw you turning, but I couldn't catch your eye
It's alright, we're altogether
Yeah, yeah, yeahAnd now seems just a dream
It broke my heart, but then I guess you didn't know
It's alright, we're altogether
Yeah, yeah, yeahSo tired
You're so right
I'm so tired
It's alright tonightYeah, yeah, yeah
Sleepyhead, what did you know?
I saw you talking but I didn't hear a word
It's alright, we're altogether
Yeah, yeah
