Life Is Too Short

Modern Talking

Life is too short, don't throw it away
Hear what I say if you're lonely
Stand up if you fall down
Please look around, you're not the onlyLife is too short, don't lose your time
The sun will shine for your tomorrows
You'll win if you don't lose
Try it again, forget your sorrowsThere is a chance
Make the best out of your life
But it's so tough
Only the strong, they will surviveThere are always some good reasons to live for
Between the shadow there's a light you can't ignore
Don't cry a little, little
Cry a little, little tonightLife is too short, don't throw it away
Hear what I say if you're lonely
Stand up if you fall down
Please look around, you're not the onlyBaby, baby, life is just too short, you can't run away
Baby, let me be your soul survivor
Life is just too short, baby, everyday
Baby, I will lift you higher and higherNowhere to go
You're always in my heart I swear
Baby, I know
If you need I'll be thereI will never ever leave you alone, oh, no
And we have so many reasons to go, oh, no
Don't cry a little, little
Cry a little, little tonightLife is too short, don't throw it away
Hear what I say if you're lonely
Stand up if you fall down
Please look around, you're not the onlyBaby, baby, life is just too short, you can't run away
Baby, let me be your soul survivor
Life is just too short, baby, everyday
Baby, I will lift you higher and higherLife is too short, don't throw it away
Hear what I say if you're lonely
Stand up if you fall down
Please look around, you're not the onlyBaby, baby, life is just too short, you can't run away
Baby, let me be your soul survivor
Life is just too short, baby, everyday
Baby, I will lift you higher and higherAnd higher
And higher
And higher
