

# The Animal (Live at Red Rocks)

## Disturbed

I can feel the animal inside  
My resolve is weakening  
Pounding on the doors of my mind  
Its nearly overpowering  
I cannot begin to describe  
The hunger that I feel again  
Run if you intend to survive  
For the beast is coming to life Taking more than a glimmer of this tainted moonlight  
Death approaches on this night For the animals soul is mine  
We will be completed right before your eyes  
I have no control this time  
And now we both shall dine in Hell tonight I can feel the calling again  
The primal need is filling me  
Changes are about to begin  
And now my blood is boiling  
I can see the fear in your eyes  
But you cant bring yourself to scream  
Time to shed the mortal disguise  
The beast is coming to life  
Taking more than a glimmer of this tainted moonlight  
Death approaches on this night For the animals soul is mine  
We will be completed right before your eyes  
I have no control this time  
And now we both shall dine in Hell tonight We begin the hunt tonight  
Til the power courses the creatures take flight  
When the kill is close and I will be satisfied  
For the smell of fear tonight  
Wakes an ancient lust that will not be denied  
You're mine For the animals soul is mine  
We will be completed right before your eyes  
I have no control this time  
And now we both shall dine in Hell tonight For the animals soul is mine  
And the world around will never hear your cries  
An unholy crime  
And now we both shall dine in Hell tonight
