

# Pull My Chain

[Toby Keith](#)

Got me on a short leash  
Tied to your screen door  
I used to run with the big dogs  
'Til I stretched out on your front porch  
I used to be a hound dog  
I chased a lot of fast cars  
And now I don't even bark when the kitty cats  
Stroll through the back yard  
I used to howl at the moon  
Yeah I've been known to roam  
Then I caught her trail one day  
And followed this girl home, I ain't the same  
She knows how to pull my chain  
Heard that an old dog  
Can't learn a new trick  
Well she taught me to stay the first day  
And I learned real quick  
There's a doghouse  
A fence and a gate latch  
I keep my tail waggin' and I don't mind  
Beggin' for a good scratch  
I used to howl at the moon  
Yeah I've been known to roam  
And then I met this girl one day  
That brought this old stray home, I ain't the same  
'Cause she knows how to pull my chain  
I used to howl at the moon  
Yeah I been known to roam  
Then I caught her trail one day  
Followed this girl home, I ain't the same  
She knows how to pull my chain
