Huggable Dust

Okay

I didn't know, that this somethin'...
...was really nothing in my way

I didn't know, that this somethin'...
...was really nothing in my way

I didn't know, that this somethin'...
...was really nothing in my way

But now I know, that this somethin'...
...just has to leave so it can stay

It has to leave, so it can stay
It has to leave, so it can stay
It has to leave, so it can stay
It has to leave so it can stay

Let it, goin' to love it all the way
Let it, goin' to love it all the way
Goin' to love it all the way

Let it, goin' to love it all the way (11x)
