Into the Pit

Fight

Into the pitBear witness to treason
Abeyance they cower
Compulsion of liars
Addicted to powerInto the pit, into the pit
Into the pit, into the pitConspiring for sation
Malfeasance on high
Obstruction of duty
Disorder will riseInto the pit, into the pit
Into the pit, into the pitInto the pit, into the pitPossession by force
Reprisal to task
Defenseless no longer
Expulsion by massInto the pit, into the pit
Into the pit, into the pit
Into the pit, into the pit
Into the pit, into the pit
Into the pit
