

The Blues Don't Care

[Nat King Cole](#)

The blues don't care, who's got 'em
The blues don't care, who cries
And the nights don't care who's lonely
Or whose tears are in whose eyes When someones heart is broken
The blues are not to blame
Cause the blues don't care who's got 'em
So they just added my name And the nights don't care who's lonely
Or whose tears are in whose eyes When someones heart is broken
The blues are not to blame
Cause the blues don't care who's got 'em
So they just added my name
