

# I Got One For Ya

## Kid Rock

Lit up like the Fourth, I'm a happy drunk  
Come to Poppa, big Momma 'cause your Daddy's drunk  
I wanna pump, pump it up like the Goodyear Blimp  
Make ya hollar for a dollar, that's the way I pimp  
Gold links and minks and shrimp dinners on the bayou  
Thems are the things that I ain't gonna buy you  
It's like one of them freak things  
Hit it once maybe every couple week things  
I got no love, I got no riches  
I don't roll Vogues and I ain't got Switches  
I got no game, I can't reward ya  
But if you want a long one, baby  
I got one for ya, this is your shot  
I got one for ya, this is your shot  
Uh huh, check it  
People always talkin' what they gonna do  
They must want their face to maybe taste my shoe  
I can't understand all the push and shove  
And what the fuck's happened to the peace and love  
Who planted that glove man, I don't care  
I'm too busy runnin' fingers through your Momma's hair  
I got no time for the fakes and the phonies  
The crooks and the creeps and the cops and the cronies  
Am I the only one on my side  
Test my pride, I bet you run and hide  
You think I'm weak so you're lookin' for the kill  
But there's sixteen shots in my nine milimil  
I got one for ya, uh huh, this is your shot  
I got one for ya, this is your shot  
Jimmy, Jimmy, Ji ah, Jimmy, Jimmy  
I like that  
Yeah, lay it down, brother  
Lay it down with me, baby  
Lay it down with me, baby  
This is your chance  
Record companies stressing 'cause they all want hits  
And yeah, I'm 'bout it, 'bout it so I make 'em like this  
They say, "Hey there, boy, all we need is one song  
Shorten up that hook, we don't need it that long"

Don't want to hear me 'cause don't want to hear me brag  
So I'm grabbin' on my thingy while I let my pants sag  
Never thinkin' what I'm writin', just writin' what I'm doin'  
They say they like my record but they're still boo hooiin'  
My joint's always tight, my rhymes will floor ya  
Hey, Slime, you wanna hit money, ha ha ha  
I got one for ya  
Bet that ass  
This is your shot  
Uh huh, Uh huh  
I got one for ya  
Here it is  
This is your shot  
Uh  
We got one for ya babe, me and Kid Rock  
We got one for ya babe, me and Kid Rock  
Hey, hey  
I got one for ya, babe  
I got one for ya, babe  
I got one for ya, babe  
Me and Kid Rock, we gonna rock and gonna roll  
We gonna rock, gonna roll, gonna rock 'n' roll  
Gonna rock, gonna roll, we gonna rock around  
Ha hii, hii, I like that
