

Morocco (Drigs Remix)

Moon Taxi

So sick and tired of the pouring rain
I took a train to Morocco just to kill the pain
Oh it might help a little
It might help a lot
I don't know, but it's all I got.
Ran down the aisle to find a window by the bar
I blew a cigarette to pieces so I lit up a cigar
Oh this might hurt a little
This might hurt a lot
I don't know, but it's all I got.
Oh oh oh, Morocco
Tell me where you've been
Won't you tell me what you know
Oh oh oh, Morocco
Tell me where you've been
Won't you tell me what you know
Crossing the desert when I lost the caravan
I found a compass in a box buried underneath the sand
Oh it might help a little
It might help a lot
I don't know, but it's all I've got
Running in circles I was losing my mind
When you found me and you led me to the water just in time
Oh this might hurt a little
This might hurt a lot
I don't know but it's all I got
Oh oh oh, Morocco
Tell me where you've been
Won't you tell me what you know
Oh oh oh, Morocco
Tell me where you've been
Won't you tell me what you know
Oh oh oh, Morocco
Tell me where you've been
Won't you tell me what you know
Oh oh oh, Morocco
Oh oh oh, Morocco
Oh oh oh, Morocco
Tell me where you've been

Won't you tell me what you know

Oh oh oh, Morocco

Tell me where you've been

Won't you tell me what you know

Oh oh oh, Morocco

Tell me where you've been

Won't you tell me what you know

Oh oh oh, Morocco

Oh oh oh, Morocco
