## Bad Religion

See my body, it's nothing to get hung about  
I'm nobody except genetic runaround  
Spiritual era's gone, it ain't comin' back  
Bad religion, a cabal, that is all that's leftHey Mr. Mind, stop wasting my time  
With your factory precision  
Factory precision is yourBad religion, too good to take  
Indecision, it's not too late  
Bad religion, bad religionHey don't you know the place you live's a piece of shit?  
Don't you know blind faith in life will conquer it?  
Don't you know responsibility is ours?  
I don't care a think about eternal firesListen this time, it's more than a rhyme  
It's your indecision  
Your indecision is yourBad religion, too good to take  
Indecision, it's not too late  
Bad religion, too good to take  
Indecision, it's not too lateBad religion, bad religion, bad religion
