Clippity Clop

100 Monkeys

Baby girl you walk so slow you
Got grass growin' at your heels
Baby girl
Baby girl when you walk so slow
It seems to me there's
No place you're
Headin' to
Me I'm on a train it hits the tracks and makes a sound
It goes
Clickity-clack
Clicki-tickity-clack
Clicki-tickity-clack
Clicki-tickity-clack
As I head quickly
In the wrong direction
(direction, direction)All the stupid things I've ever done
I've never jumped from a train
Oh no
When you're in the air you just don't care
Nothing's in your mind
Then you hit the ground it makes a sound
Your body goes
Flippity-flop
Flippi-tippity-flop (x3)
Then you're down and you're
Stuck in placeGet down brotherAlrightOpened up my eyes and a blurry smile comes into view
(Clippity-clop x5)
Oh my God it's you
I feel a hand right up my thigh
The other grabs my shirt
(Clippity-clop x5)
Oh my God it worked
Then you take my wallet and you
Run away
Me my broken heart it makes a sound
It goes
Pitter-pitter-patt
Pitter-pitter-patt-patt (x3)How could I have been
Such a silly fool?
