

Dreamy Bruises

Sylvan Esso

Ohio small road
Colored lights in the night
Find some hand to hold
Let the car coast with no lightsOhweeohweeoh kids move so slow
Moon in the window and no girls on the floorOhweeohweeoh kids move so slow
Dudes are wrapped around each other
Drinking up the sweat is waterOhweeohweeoh kids move so slow
Jump across a river gotta know where to goOhweeohweeoh kids move so slow
Lift the smallest one up higher
Dreamy bruises welcome loversWill they say I want you
To see all the ways I can move
To see how skin so smooth
See how my blood runs bluePull at the hand that moves you
'Tis the heartbeat, don't fight
Let your limbs flare the mood
Like you're a wild thing doing rightAnd how can we question
What we know feels right
Black eyes turn to marigolds
In the morning lightOhweeohweeoh kids move so slow
Shakin' all over like the dogs at the poolOhweeohweeoh kids move so slow
They're kickin' all the records over
Actin' like they have no orderOhweeohweeoh kids move so slow
Down in the basement where the sun don't showOhweeohweeoh kids move so slow
Lift the highest one up taller
Dreamy bruises welcome loversWill they say I want you
To bend me back in two
To make me sing your tune
To make those words so smoothFill me like the song do 8xFill me like the song do
(ohweeohweeoh) 8x
