

# Beat Of My Heart

## Noisettes

There a boy I like south of the river  
That doesn't leave his house the morning up till noon  
Not even when the flowers are in bloom We could take a stroll or just share, you know  
I just want to be your lady, oh come home soon  
They say I'm a fool I'm standing in the cold without a coat, but  
I just won't go down, down, down  
Down down down Let me show you the beat of my heart  
Let it start, let it start  
Let me show you the beat of my heart  
Let it start, let it start Maybe the stars will go our way  
Lover, I will never ever let you strain  
And I hope to see you some day We could watch the night sky fade to blue  
Listen to your heart  
And maybe you will break through  
Breaking the rules Even though I'm standing in the rain without a coat, but  
I just won't go down, down, down  
Down down down Let me show you the beat of my heart  
Let it start, let it start  
Let me show you the beat of my heart  
Let it start, let it start Come and get the keys to my heart  
Let it start, let it start  
Let me show you the beat of my heart  
Let it start, let it start Slowly show you the beat of my heart  
Let it start, just let it start  
Let me show you the beat of my heart  
Let it start, let it start And you could be the first time I need a chart  
Just let it start, let it start  
Let me show you the beat of my heart  
Let it start, let it start Do let's show you the beat of my heart  
I just won't go down, down, no, down  
Down down down
