One Man Band

Washington

I'm not the saviour of modern religion,
Not the Messiah not a magician,
I don't know why,But I was not meant for this tropical city,
I'd rather buy a house and hope you cannot see me,
I don't know why I keep coming back,
'Cause it still feels like a heart attack.And Honestly you know how to pull the devil out of me,
You act like its so easy,
You're a one man guy,
A one man show,
A one man band on the radio.And I live backstage,
Where the moon could catch fire,
We're down to the wire,
We're down to the wire,
We're down to the war,
We're down to the war,I've been listening to such terrible thoughts,
Passed such terrible people
And I never know who is good and who is evil.
Just take what you want
What you want is what I want to give youAnd Honestly you know how to pull the devil out of me,
You act like its so easy,
You're a one man guy,
A one man show,
A one man band on the radio.Even though,
we are just holding onto what you used to know,
I'm just keeping on the ball,
By keeping on,
I'm just practising the way it gets so strong.And Honestly you know how to pull the devil out of me,
You act like its so easy,
You're a one man guy,
A one man show,
A one man band on the radio.Even though,
we are just holding onto what you used to know,
I'm just keeping on the ball,
By keeping on,
I'm just practising the way it gets so strong.(Whoa) x8
