Give It up (feat.Nadia Ali)

Iio

Sweet september, where'd you go
I was hoping someone knows
Have you missed me
Was I there
I was dreaming someone cared
I could hold you
listen clear
remember my voice
in your ears
in your bedroom, in your car
in the movies, in your heart
so feel me out, cause im still the one
i gave it to you
and still know how to
i want it from you
so will you give it up
i want you to move
can you feel the love?
can you feel the love?
can you feel the love?
can you feel the love?
can you feel the love?
i wont let you forget my name
i am part of the bigger game
i can load it in your mind
i wont ever fade in time
have you heard me now?
cause ill be the one
ill take it from you
however you chose
i want it from you
will you give it up?
i want you to move
can you feel the love?
i want it from you
will you give it up?
i want you to move
can you feel the love?
can ya? [x15]

can you feel the love?
sweet september, where'd you go
i was hoping someone knows
have you missed me?
was i there?
i was dreaming someone cared
so hear me out
i was the one
i waited for you
to get what is due
i want it from you
so will you give it up?
i want you to move
can you feel the love?
i could hold you
listen clear
remember my voice
in your ears
in your bedroom, in your car
in the movies, in your heart
