

# Wonderful World

## Otis Redding

I don't know much about my history, now  
Don't know much about biology  
Don't know much about the science book, now  
Don't know much about the French I took All I do know is I love you, now  
And I wonder if you love me too  
Ooh, what a wonderful world this could be Ooh, I don't know much about geography, now  
Don't know much about trigonometry, now  
Don't know much about the algebra  
Don't know what a slide rule is for But I do know one and one is two, now  
And I wonder if you love me too  
Ooh, what a wonderful world this could be I, I don't claim to be an A-student  
But that's what I'm trying to be  
But by being a, an A-student, baby  
Look like I could win your love for me Don't know much about the history, now, oh now  
Don't know much about biology  
I don't know much about the science book, now  
Don't know much about the good French I took, oh What I do know is I love you, now, oh now  
And I wonder if you love me too  
Ooh, what a wonderful world this could be Good Lord, I don't claim to be an A-student  
But that's what I'm trying to be, oh now  
But if I have to be an A-student, baby  
I'm gonna win your love for me I don't know much about geography, now, oh now  
Don't know much about trigonometry  
Don't know much about the algebra, now  
Don't know what a good slide rule is for But I do know one and one is two, now, oh now  
And I wonder if you love me too  
Ooh, what a wonderful world this could be Cha-cha-cha-cha-cha-cha  
Oh, my, my good lord, I've been trying  
I've been trying, I've been trying for so long...
