Call It Whatever (Razor N Guido Remix)

Bella Thorne

Everybody's asking what I'm thinking of you
Wanna show and tell about the things that we do
I know what I'm feeling and you're feeling it too, you're feeling it too
You're feeling it tooCall me up and wonder why I'm making a fuss
Wanna hear the little little secrets of us
I won't tell them anything they don't have a clue, about me and you
About me and youTake me on a roller coaster
Round and round and up and over
Hold me close I'm ready for the rideOur love needs no name
We got a thing we can't explain
Don't care what people say, let's call it
Whatever whatever
You, me, got everything
No I don't need a diamond ring
Don't care what people say, let's call it,
Whatever whatever
Whatever whatever whatever whatever whatever
Whatever we want
Let's call it
Whatever whatever whatever whatever whatever
Whatever we wantDon't you know I'm not another typical girl
Skip the fancy dinners we go straight for dessert
I don't need the flowers, you can give me the world, give me the world
Give me the worldWe are never gonna try to play by the rules and
Every little thing that we should say or do
Uh oh, uh oh
Is wrapped around my little fingerTake me on a roller coaster
Round and round and up and over
Hold me close I'm ready for the rideOur love needs no name
We got a thing we can't explain
Don't care what people say, let's call it
Whatever whatever
You, me, got everything
No I don't need a diamond ring
Don't care what people say, let's call it,
Whatever whatever
Whatever whatever whatever whatever whatever
Whatever we want
Let's call it

Whatever whatever whatever whatever whatever
Whatever we wantTake me on a roller coaster
Round and round and up and over
Hold me close I'm ready for the rideOur love needs no name
We got a thing we can't explain
Don't care what people say, let's call it
Whatever whatever
You, me, got everything
No I don't need a diamond ring
Don't care what people say, let's call it,
Whatever whatever
Whatever whatever whatever whatever whatever
Whatever we want
Let's call it
Whatever whatever whatever whatever whatever
Whatever we want
Let's call it
Whatever whatever whatever whatever whatever
Whatever we want
Let's call it
Whatever whatever whatever whatever whatever
Whatever we want
