

Soul Free

George Michael

Higher, higher
Won't you come with me?
Baby, gonna get my soul free Now you and me
I guess we see things differently
We're night and day
A bad connection, some would say And I don't want nothing to change
I don't want nothing to change Because when you touch me baby
I don't have no choice
Oh, that sweet temptation
In your voice Higher, higher
Won't you come with me?
Baby, gonna get my soul free Now seems to me
Some things have just got to be
The games we play
Break up make-up day by day And I don't want nothing to change
Said I don't want nothing to change Because when you touch me baby
I don't have no choice
Oh that sweet temptation
In your voice Higher, higher
Won't you come with me?
Baby, gonna get my soul free
