The Simple Life

Sherwood

This is the easy life
This is the simple life baby
And you maybe just what I
Have always been searching for
A light through an open door darling
But you're guarding it all nightI will whisper a song in your ear
Of the things you've been missing my dear
If you remember the tune
It's all I can do
Just remember I wrote it for youAnd I carry an open box
Of rusted and broken locks, slowly
Can you show me where to lie?
Cause I'm tired as I can be
My legs aren't a part of me darling
Let us go then, you and I, through the nightI will whisper a song in your ear
Of the things you've been missing my dear
If you remember the tune
It's all I can do
Just remember I wrote it for you
