

# Isolation

Alberta Cross

Desolation gets to you  
The isolation from the city life  
Constellations in my sleep  
Though I couldn't let them bring you there  
So I could see you there I can't help it if I'm gone sir  
I can't make it if I'm gone sir  
Yeah, It's you  
It is you I'm looking for babe  
(whistle)  
(whistle) You lost yourself to wealth and greed  
Got misdirected in the misty light  
Could I catch you in a dream  
Yeah, well I couldn't let them bring you here  
So I could feel you here  
I can't help it if I'm gone sir  
I can't make it if I'm gone sir  
Yeah, It's you  
It is you I'm looking for babe  
Yeah it's true  
That I'm not the only one babe  
Yeah it's true  
That I'm not the only one Woh-oh-oh I can't help it if I'm gone sir  
I can't make it if I'm gone sir
