

# Imitation of Love

[Johnny Adams](#)

We do the things that lovers do  
Like you kiss me and I kiss you  
We say the things that lovers say  
Like I'm never ever goin' away We don't feel the things that lovers feel  
You can't fake a feelin' and make it real  
It's just an imitation, an imitation of love We had it all, well, I broke your heart  
We were too weak to stay apart  
I didn't mean to treat you so mean  
[Incomprehensible] We don't feel the things that lovers feel  
You can't fake a feelin' and make it real  
It's just an imitation, an imitation of love Oh sure, yes oh We don't feel the things that lovers feel  
You can't fake a feelin' and make it real  
It's just an imitation, an imitation of love Yeah, yeah, yeah, yeah, yeah  
It's just an imitation, an imitation of love
