## I'm Just Sayin'

## **Karmin**

Oh if I want it, Im gonna get it
And Im just sayin, Im just sayin
Oh if I want it, Im gonna get it
And Im just sayin, Im just sayin
Future in my hands, gotta make it count
Convince yourself its feasible and then its something else
Sick addiction dangerous mind,
Put it on command, era undefined
Even when you got a shadow of doubt
Even when a hundred people tell you its a wipe out
You gotta do it big, you gotta do it strong

At the end of the day

Youre the one whos in the wrong

Regretting and forgetting everything you work for Instead of trendsetting and betting and its so upsetting and Im sweating now

And I cant believe it, it should be so easy oh

Already got a knack just dial it back

The windows open and world is yours, go attack

Cause when the wind is right, and the tide is high, then its time to fly

Oh if I want it, Im gonna get it

And Im just sayin, Im just sayin

Oh if I want it, Im gonna get it

And Im just sayin, Im just sayin

I know, know where to go go go

Oh, oh, oh, oh, oh, oh,

I know, know, know where to go go go

Oh, oh, oh, oh, oh, oh,

Did you ever think, Ill do what I want

Me and the marathon, ha, one in the front

Now youre making plans, dont let them screw it up

Better write your name on it, paper cup

Most people afraid of here and no, got a boo got stage once apollo

I can do anything that I wanna do

And III take that cause its not for you

Take a few years to surface, but now its so berserk

Yes and Im ring lead in this circus

I'm just sayin' I'm just laying in the pave the road ahead of me

Breaking the elements

Watching they cave in, my heart is racing

And palpitating, i'm so done anticipating Its all good though, made up my mind Threading the needle is the part of the design Oh if I want it, Im gonna get it And Im just sayin, Im just sayin Oh if I want it, Im gonna get it And Im just sayin, Im just sayin I know, know, know where to go go go Oh, oh, oh, oh, oh, I know, know, know where to go go go Oh, oh, oh, oh, oh, If I want it know, Im gonna get it Im just sayin thats the way that it goes Whoa, if I want it know, Im gonna get it Im just sayin thats the way that it goes And if you make it life, Ima tell you what You only get one, would you be anonymous huh Let them take a note, reenact them at the plane Approaching destination, hit the main lane Now we glidin, windin, trying not to crash Cause we so high gotta keep grinding Not a limit we driving in this ship we running it all Oh if I want it, Im gonna get it And Im just sayin, Im just sayin Oh if I want it, Im gonna get it And Im just sayin, Im just sayin I know, know, know where to go go go Oh, oh, oh, oh, oh I know, know, know where to go go go Oh, oh, oh, oh, oh
