

# Up Against The Wall

## No Angels

It's over, look out below  
And I'm wasted, I still taste it  
Yeah, it's so hard to let go  
So breathe in now and breathe it out  
The forecast, a car crash  
It's looking like another breakdown, rebound  
This could be my last goodbye  
You crossed your heart, I hope to die  
And I can't deny your eyes  
You know, I tried to read between the lines  
I saw a warning sign  
And then you threw me up against the wall  
Who said that it's better to have loved and lost?  
I wish that I had never loved at all  
No rewinds, no second times  
And I won't break, I won't waste  
Everything you left behind  
Don't follow, just let it go  
But the weather's been better  
Don't let it be another breakdown, rebound  
This could be my last goodbye  
You crossed your heart, I hope to die  
And I can't deny your eyes  
You know, I tried to read between the lines  
I saw a warning sign  
And then you threw me up against the wall  
Who said that it's better to have loved and lost?  
I wish that I had never loved at all  
All the nights I spent sitting at home  
While you were out there on your own  
All the nights I waited by the phone  
While you were going it alone  
And all your different faces  
And all your different ways  
Of making everything a mess  
And all I'm saying is that  
All your different places and  
All the complications laid to rest  
And I can't deny your eyes

You know I try to read between the lines  
I saw a warning sign  
And then you threw me up against the wall  
Who said that it's better to have loved and lost?  
I wish that I had never loved  
And I can't deny your eyes  
You know, I try to read between the lines  
I saw a warning sign  
And then you threw me up against the wall  
Who said that it's better to have loved and lost?  
I wish that I had never loved at all  
Never loved at all
