Tin Star Man

Thunderstone

Land of the free
Home of the brave
A history of heroes
In my name
One truth under god
I feel I am stranded
In a world covered in dark
A shield against evil
I light the spark
I can feel it in my blood
I carry on my sacred ride
Across the seas and the great divideI will save you, even if you don't want me to
My electric eye will always find you
I'm the one, me, myself and I
Feel the thunder when I light up the skyNo one can stop me now
It's already begun
I'm the tin star manIt's a thin line between good and bad
But knowing I'm right keeps me on the track
Righteous and clean
I have the power, I have the force
To bring down my foes and to lead my cause
The light shines on me
