One Man Woman

Playa

I got a car, a J O B, I'm an independent man
God is blessing me
A lot of girls that I can call but 9 times out of 10
I don't call them at allThe fun and games is over due
I miss having someone to answer to
I got a house, I got a key
There's one more thing that I really needI need a one man woman
And you need a one lady man
Girl you don't have to find another
'Cause I'll be your man plus your friendSince I need a one man woman
And you need a one lady man
Girl we don't have to find another
We could be lovers and friendsI saw you out with all the guys
I love the way you look with those big brown eyes, yeah
And if it were up to me
We'd both run away and start a familyAnd on a scale from 1 to 10
I'm givin' you 11, boy, you're worth that one
Only you can rescue me
I will provide anything you needI need a one man woman
And you need a one lady man
Girl you don't have to find another
'Cause I'll be your man plus your friendSince I need a one man woman
And you need a one lady man
Girl we don't have to find another
We could be lovers and friendsI need a one man woman
And you need a one lady man
Girl you don't have to find another
'Cause I'll be your man plus your friendSince I need a one man woman
And you need a one lady man
Girl we don't have to find another
We could be lovers and friendsI'm trying to prove to you
I think I'm ready for you
Baby, don't fight my love
Baby, invite my loveHaven't I proved to you
You know I'm ready for you
Baby don't fight my love
Baby, invite my loveI need a one man woman
And you need a one lady man
Girl you don't have to find another

'Cause I'll be your man plus your friendSince I need a one man woman
And you need a one lady man
Girl we don't have to find another
We could be lovers and friendsI need a one man woman
And you need a one lady man
Girl you don't have to find another
'Cause I'll be your man plus your friendI need a one man woman
And you need a one lady man
Girl you don't have to find another
'Cause I'll be your man plus your friend
