

Fine Line

[Paul McCartney](#)

There is a fine line between recklessness and courage
It's about time you understood which road to take
It's a fine line and your decision makes a difference
Get it wrong, you'll be making a big mistake
Come home brother, all is forgiven
We all cried when you were driven away
Come home brother, everything is better
Everything is better when you come home and stay
Whatever's more important to you
You've gotta choose what you want to do
Whatever's more important to be
That's the view that you got to see
There is a long way between chaos and creation
If you don't say which one of these you're gonna choose
It's a long way and if every contradiction seems the same
It's a game that you're bound to lose
Come home brother, all is forgiven
We all cried when you were driven away
Come home brother, everything is better
Everything is better when you come home and stay
Come on back, come on back
Come on back to me
It's a fine line
It's a fine line
Whatever's more important to you, it's a fine line
You've gotta choose what you want to do, it's a fine line
Whatever's more important to be, it's a fine line
Well that's the view that you got to see
It's a fine line
It's a fine line
It's a fine line
