

Outside

Catfish and The Bottlemen

We let them knock like crazy 'cause I'd not seen her in months
She knew how to save me for the craic though, carried on
I know I've pushed boundaries sometimes but she knows she's worse I've missed this, I was bound to I just
came along for the ride
And I tried my best to keep away from you
But you've just stepped off of a flight
And now you beg for my company
'Cause y'know I'll give it you all Tell your sister to wait 'Cause there's no-one in the life I knew that got through
to me
But when you talk about nothing, you tend to lose me
'Cause there's nothing in the life I knew that got through to me
But when you scream about nothing, that's when you lose me
I used to carry you through town
You used to smother me in lippy
Now if we ever get an hour together it's like I'm on the outside We let them talk behind us 'cause I'd not seen
her in months
They know how to find us for the craic though, carry on
I know I've pushed boundaries at times but she's just as bad
I've missed this, I was bound to I just came along for the ride
And I tried my best to keep away from you Tell your sister to wait
