

When I Was A Young Boy

Savoy Brown

When I was a young boy, advice I would scorn
Now I'm gettin' a little older, I know I got a lot to learn
Yesterday's illusions are tomorrow's smiles
I'll look back and laugh baby, sometimes in a while
When I was a young boy, advice I would scorn
Now I'm gettin' a little older, I know I got a lot to learn
Yesterday's illusions are tomorrow's smiles
I'll look back and laugh baby, sometimes in a while
When I was a young boy, advice I would scorn
Now I'm gettin' a little older, I know I got a lot to learn
Yesterday's illusions are tomorrow's smiles
I'll look back and laugh baby, sometimes in a while
And it always seems the same and who knows what to blame
If I knew then what I know now, the mistakes I wouldn't have made
But you can't get a sneak preview over what you're gonna go through
And you have to rely on your body and mind to see the light from shade
