Tidal Wave

John Foxx

[Chorus]
Tidal wave
Tidal wave
Tidal waveGoes by my window
We're swimming
It's morning
No sound at allThrough floors of apartments
Background dissolves[Chorus]You're balancing bravely
It's been so long
You're speaking
Can't hear you
No sound at all[Chorus]A glimpse of old sunlight
No sound at all
A flicker of flashback
Background dissolves[Chorus]
