Is It Luck?

Twisted Drive

My socks and shoes always match,
Is it Luck?
There's a foot at the end of each of my legs,
Is it Luck?
Well, I can play my bass for you,
Is it Luck?
Some gals like to kiss my face,
Is it Luck? Is it Luck?
There was food inside your mouth today,
Is it Luck?
Your Barber cuts your hair just so,
Is it Luck?
Well you can count to ten and back again,

Is it Luck?
When the taste of sex is on your lips,
Is it Luck? Is it Luck?
Cyanide works so fast,
Is it Luck?
Polyester makes you sweat,
Is it Luck?
If a graham cracker gets you off,
Is it Luck?
Is it Love? Is it Love?
Is it Luck? Is it Luck?
She said she wanted my body, not my mind, so i showed her my dictionary, showed her the words i know so very well, and how loquacious i can be when i put my mind down to it. But she wasn't impressed. No, she wasn't impressed at all. She whispered in my ear, she whispered in my ear, she said; You wanna get lucky little boy? I smiled. Smiled and i said;
Is it Luck?Is it Luck?
