

Piece of You (feat. HALIENE)

Ferry Corsten

Something pulled me out of your touch
left me in ashes, covered in dust
i want to believe you can hear me now
cause we're intertwined I know it breaks your heart, i'm broken too
i know we're torn apart, but i'm still a piece I know it breaks your heart, i'm broken too
i know we're torn apart, but i'm still a piece
still a piece of you
piece of you
Something told me i couldn't stay
i heard the whispers calling my name
i promise i'll keep you here inside
cause we're intertwined I know it breaks your heart, i'm broken too
i know we're torn apart, but i'm still a piece
still a piece of you
piece of you Something told me
i couldn't stay
i couldn't stay I know it breaks your heart, i'm broken too
i know we're torn apart, but i'm still a piece
Still a piece of you
piece of you
i'm still a piece of you
i'm still a piece of you
