My Hometown

BoDeans

I guess that everybody winds down their own lonely road trying to get someplace that feels like home
And to find somebody that feels that same way that you feel inside
We were young and foolish and hopeful too, so many days got away
Where you got knocked down, learned some things, feel like you finally can seeThis is my hometown, this is my family
This is where I'm from and Lord, this is where, where I wanna beThough I had too many years of promises where I led myself to believe
There was nothing in this world that I couldn't do took years to finally see
You can spin your wheels down that winding road with nothing left in the end
But I'm older now and I feel somehow it's right there in front of meThis is my hometown, this is my family
This is where I'm from and Lord, this is where, where I wanna be
This is my hometown
this is my familyThis is my hometown, this is my family
This is where I'm from and Lord, this is where, where I wanna be
This is my hometown, this is my family
This is where I'm from and Lord, this is where, where I wanna be
