Supremacy

Crossed Out

Wake to see - your true emancipation is a fantasy.
Policies have risen up and overcome the brave.
Greatness dies, unsung and lost, invisible to history.
Embedded spies brainwashing our children to be mean.
You don't have long,
I am on to you
The time, it has come to destroy...
Your supremacy
Supremacy
Your supremacy

Supremacy
Ooh
Ooh
You don't have long,
I am on to you
The time, it has come to destroy...
Your supremacy
Your
Supremacy
Yeah, yeah
