

# Supremacy

## Crossed Out

Wake to see - your true emancipation is a fantasy.  
Policies have risen up and overcome the brave.  
Greatness dies, unsung and lost, invisible to history.  
Embedded spies brainwashing our children to be mean.

You don't have long,  
I am on to you  
The time, it has come to destroy...  
Your supremacy  
Supremacy  
Your supremacy

Supremacy  
Ooh  
Ooh  
You don't have long,  
I am on to you  
The time, it has come to destroy...  
Your supremacy  
Your  
Supremacy  
Yeah, yeah
