Revelation

4 Strings

Can you see the stars tonight?
Do you hear them calling?
Theyre breathing love into my life
Like a brand new morningThis is how its meant to be
I just want you to believe
All you needs already here
In meOn and on and on
Its a revelation
On and on and on
Like a deep blue oceanNothing to hide
We've gotta share this simple life
On and on and on
RevelationCan you feel the love tonight?
Do you share my vision?
Theres a bright, eternal light
Like a new dimensionThis is how its meant to be
I just want you to believe
All you needs already here
In meIt goes on and on and on
It goes on and on and onOn and on and on
Its a revelation
On and on and on
Like a deep blue oceanNothing to hide
We've gotta share this simple life
On and on and on
RevelationThis is my revelation
This is my revelation
This is my revelation
This is my revelation
