Maria I'm Drunk

John Nonny

Six thirty on a weekday, yeah
layed back watching replays, Yeah
I ain't took a break in three days
and my girl already in her pj's, yeah
last night was my bday and we all got loaded like a prepaid
sippin liquor straight till I couldn't see straight
waken up with stomach aches I got eat late(oh yeahh)cheesecake
One of these days
you can see me pull up like a E-brake(yeah)
catch a couple girls giving me a sweet face
Cause i got it on lock like a briefcase
(oh yeah girl)
where da DJ
tell em put your favorite song on replay, yeah
take the car keys of the key chain
call a cab, lets toast to a three-way
if you know me im a nice guy
take you for a nice drive in a nice car
hand on your right thigh, tell em white lies
they pint size,(typical white guy)
late night lovin i saw this comin baby how'd i know
i know where is going, it's four in the morning ill take you home i know
tonight we lonely, tomorrow we homies girl dont worry i know....(i know)
(yeah hol up) just a lil cup cause another drink now is a lil much
and i feel like my friend has a lil crush,
she went for a lil shy to a lil touch
but i still be a gentlemen even if she treats me cold like Ventolin
frontin like i dont want it like im sellin man
both know we wanna freak but we aint tellin it, yeah
so fine i aint mention it, we good friends i aint tryna throw a wrench in it
we like neighbors i aint tryna put a fence in it
she looked at me and said(some friends come with benefits)
late night lovin i saw this comin baby how'd i know
i know where its going its four in the morning ill take you home I know
tonight we lonely tomorrow we homies, girl dont worry i know(i know)

We home now and all i can think about is getting fucked now
in my head im thinking we should slow down
i wanna tell her but we really in the zone now

i mean I've known this girl since PS1
i really just dont wanna regret somthin
wake up in the morning like what we just done
she crawled into bed and said come get some(hot damn)
Hot damn how im goin to stop me tryna play myself like im drinking its not me
maybe you're being to hard on yourself
give yourself a break, i mean we all make mistakes(like)
(x2)late night lovin i saw this comin baby how'd i know
i know where its going its four in the morning ill take you home I know
tonight we lonely tomorrow we homies, girl dont worry i know(i know)

(rest on the beat)

I know, I know.

End.....
