In the First Place

Quasi

I used to think love was real
When it's just the way you feel
After a moment
When it's gone it's like it never existed
In the first placeI used to think you were mine
Mistaken all the time
We were togheter
And now you're gone
And it's like we never existed
In the first placeToo much of this
And I'm enough of that
You get so fast
In your search for something new again
I used to think I was real
But now it's no big deal
It don't matter
And when I'm gone it's like I never existed
In the first place
